Event Rules and Information

Please take a few minutes to read these event rules and the track rules in your registration packet.

Drivers Education is intended to provide a safe and legal opportunity to explore the capabilities of your car and your driving skills. The activity is dangerous only if the participants do not adhere to the rules established for the safety of everyone - participants, guests, corner workers, and emergency personnel.

- 1) Participating cars must be inspected at a service facility prior to the event. All items in the Pre-Event section of the **Tech Form** must be inspected by the service facility. The Grid Tech portion of the **Tech Form** will be completed at the track. Grid Tech and Registration will be open at the track **4 PM to 7 PM Friday August 13**, and **6:45 to 8:00 AM Saturday August 14**. We encourage you to complete Grid Tech and Registration on Friday to help us – and you! - stay on schedule Saturday morning.
- 2) All participants must complete a **Medical Form**. If you did not mail a **Medical Form** with your registration form, or if your information has changed, please submit a completed form at Registration. This information is confidential, and will be used only in the event of an emergency.
- 3) Upon arrival at the track, stop at the track administration building to your right before passing through the security gate to complete registration. Do not block the track driveway or gate. Bring your **Tech Form** and **driver license** to Registration. At Registration, you will sign the PCA and track waivers, then receive your registration material and a wristband that allows you on track. If you have non-driving guests, they must also sign both waivers and receive a guest wristband.
- 4) In the paddock, park and unload your car. Do not park in the area designated for garage renters or in a garage bay unless you have reserved one from the track. Then proceed to Grid Tech with your **Tech Form**, car, and helmet. At Grid Tech, you will receive a Tech Completed sticker and a run group sticker.
- 5) Additional driving rules and procedures will be discussed during the mandatory Student and Instructor Meetings held Saturday and Sunday mornings. Staging and track entrance/exit procedures will be explained during the Saturday morning meeting. Parking in the staging area is restricted to instructors who must transfer quickly between their cars and their students' cars. Pit Road is to remain clear at all times. Do not proceed from Staging onto Pit Road unless directed to do so by a worker at Staging or at Pit-Out.
- 6) **THIS IS NOT RACING!!!** Passing signals and passing zones will be strictly enforced! The PCA "two-spin" rule is in effect. Our Chief Instructor will have a chat with any driver who spins twice, repeatedly overshoots braking zones, or exhibits any other dangerous or discourteous behavior. You may be asked to leave the event if the Chief Instructor feels that your continued actions compromise the safety of the event.
- 7) If a corner station displays a Red Flag, do not slam on your brakes because the driver directly behind you may not have seen the Red Flag. Check your mirrors, then safely slow your car to a STOP and move to one side of the track. After stopping, you may roll forward slowly (5 mph) until you can see and be seen by a corner worker. Do not leave the pavement unless directed by a corner worker.
- 8) The consumption of alcohol by participants or by their guests is not permitted until after the last session ends and track is declared closed for the day. Anyone observed violating this rule will be asked to leave the event immediately. The use of illegal drugs is not permitted in the facility at any time.
- 9) Children and leashed pets* must be supervised at all times. *Please "doo" keep the paddock clean.
- 10) Students cannot take other students or non-participants for rides during the regular run sessions. Instructors are the only permitted passengers with Students. Students may ride with Instructors.

Instructor meeting ⇨ **7:30 AM Saturday**

Student meeting ⇨ **8:00 AM Saturday**

PLEASE BE ON TIME!
